Marianne and Mark, I'll be coming through downtown probably around 1-1:30 or so on Wednesday. I'm going to a meeting of some sort of Seattle federal public affairs officers group in Tacoma in the morning and then going up to our office at Sandpoint. Would that be a good time for coffee?

Will could be available from 2 pm to about 3:30 pm on friday but Thursday afternoon would actually be better if we could do embargoed interviews then. Thursday he's available from about 2:30 to 4:30.

Subject: FINAL rollout and Q&A for Oregon CZARA rollout

All--

Please see attached for the final rollout plan, key messages, and Q&A regarding NOAA and EPA's decision to disapprove Oregon's Coastal Nonpoint Program. A few adjustments were made to make sure our discussion of the penalties and how we talk about the action we're taking aligns with statements made in other documents.

The first key message was also adjusted a bit based on feedback from NOAA folks downtown.

All--

In prep for tomorrow's coordination call on the rollout of NOAA and EPA's joint decision on Oregon's Coastal Nonpoint Program (CZARA), I wanted to send along an updated rollout plan (attached).

During the coordination call tomorrow I hope we can go over the following to make sure we're all on the same page and confirm who has lead and who should be involved in each activity:

1. Press release/timing/coordination with state?
2. Hill notification/briefing/timing
3. Update on other rollout activities (notify state, FRN publication, etc)
